Date:	16/06/2021

<b>Project Name</b>	CONNECTING HUMANITY
<b>Project Deliverables</b>	
1)Categorized NGOs list and Latest information of NGO activities.	<p>1) Jack ,who is 18 year old, wants to get enrolled in Medical college but, his father recently died due to heart attack. Now he has full responsibility of his family on his shoulder ,so he is thinking to give up on his dream and thinking to earn money as Medical colleges have very high amount of fees. But then he find out about this web application ,then he visit the website. In the website there are four categories of NGOs list and their activity details. So he go through Educational aid NGOs list and their activities , he easily find out suitable educational aid program of nearby NGO and then he contact NGO. Fortunately, using this website he got scholarship from the NGO and he did not give up on his dream.</p> <p>2)Jill, a divorced woman, who is independently living her life and she got life-threatening illness cancer. she is depressed and thinking how can she survive and how can she will manage its expanses. One of her friend told about 'Connecting Humanity ' web site. She visit the website and search in Health related NGOs. She find couple of NGO which help woman to fight for cancer and luckily, one of the NGO posted about their weekend webinar on Fight for cancer. She attend it and feel stress free and relax as she got the support for combating Cancer.</p>
2)Donation and Volunteering requirement posted by NGOs.	<p>1)Richard , who is rich , wants to donate money for the Cancer Patients who are unable to pay for their cancer therapy. He want to donate his all the money which he saves for his son as his son died combating cancer. Firstly, he went to the couple of cancer hospitals but hospitals did not have records of financial condition of the patients. Then, he logged in to the "Connecting Humanity" web portal .There he sees several NGOs who are actively help poor cancer patients , he contacts the NGO and donate all his savings to the NGO. Additionally, he regularly check the NGO campaign and at the weekend he also do some volunteering work.</p> <p>2)One group of friends , wants to help poor people who cannot buy food and homeless. They started to go to slum area on weekend and serve food the people. Initially, for a month they have spend their savings and buy food for the needy, but then they are out of the fund. So they decided to give up their idea of share food to the needy. Then they found this website ,they see different types of NGO and their upcoming activites. They are so happy that they can find nearby NGO activites and they Participate in most of the campaigns of the different NGOs. So, that's way find to serve humanity to people .</p> <p>3)One NGO, helps thousands of people during covid-19 pandemic in India. They provide free food Tiffin and medical aids to the covid-19 positive people. But, during second wave, Due to sudden rises in cases thousands of people contact NGO for the help. At that time NGO lacking of funds and volunteers. Fortunately, NGO have registered account in this website, they immediately post their requirements of funds , volunteers and paid workers. Within fraction of seconds, NGO got raises in their funds ,they get funds from all over the world and many people who are jobless get the paid work from NGO. Additionally, many youth join NGO for volunteering work.</p>
